EXPERIENCE FRANKLIN

AGRICULTURAL SOLUTIONS

Relying on Mother Nature to irrigate crops and pastures or provide drinking water for animals can be risky, especially when unpredictable drought periods hit the hardest. Franklin Electric's agricultural pumping systems provide stability to increase output, better predict crop yields and keep your livestock strong and hydrated.

SUBMERSIBLE PUMPS

Franklin Electric offers a wide array of submersible pumps designed for the movement of water. These submersible pumps feature proven components and provide superior performance.

PRODUCTS

- 4" High Capacity Pumps
- 6" 4400 Submersible Radial Pumps
- 6" and 8" SR Turbine Pumps
- 6" SSR Series Submersible Turbine Pumps
- 5", 6", 8", and 9" STS Turbine Pumps

SURFACE PUMPS

Franklin Electric's line of surface pumps cover a wide range of configurations and applications, from small residential jobs to large industrial and agricultural applications.

PRODUCTS

- Self-Priming Pumps
- Centrifugal Pumps
- Multi-Stage Pumps
- Gas Engine Pumps

MOTORS & CONTROLS

Franklin Electric offers a complete line of submersible motors for agricultural pumping applications. Franklin Electric also offers single-phase controls, which are an integral part of a submersible motor power system.

PRODUCTS

- | | |
|--------------------------------|---|
| ■ Control Boxes | ■ 6" DR56 Submersible Motors |
| ■ 4" Submersible Motors | ■ 8" Submersible Motors |
| ■ 6" Submersible Motors | ■ 6" MagForce™ High Efficiency Motor System |
| ■ 6" Volt-X Submersible Motors | |

DRIVES & PROTECTION

Designed for large or small applications, Franklin Electric offers innovative drive and control options that require minimal adjustments for simple installation and operation. From providing constant pressure for residential well systems to moving mass volumes of water, trust Franklin for your residential, agricultural, commercial, and municipal water pumping system needs.

PRODUCTS

Variable Frequency Drives

- P-Series
- SubDrive Connect
- SubDrive Utility
- MonoDrive Utility

Control Panel/Pump Starter

- SubMonitor Connect Starter
- SmartSTART Pump Starter
- Standard Pump Starter

Soft Starters

- Standard Pump Soft Starter

Protection

- Pumptec and Pumptec-Plus
- SubMonitor Connect

PACKAGED SYSTEMS

Franklin Electric's packaged systems offer increased value and convenience by combining motor, pump, and control, all in one package.

PRODUCTS

- SubDrive QuickPAK
- Inline 400 Booster
- Inline 1100 Constant Pressure System
- SolarPAKs (see below)

SOLAR

Using Franklin Electric's quality components and innovative thinking, we have "harnessed the power of the sun" to provide a clean energy method of moving and pumping water.

PRODUCTS

- Photon™ SolarPAK
- Photon™ HR SolarPAK
- SubDrive SolarPAK
